Certifications

- I understand that investment in the Tokens is an **illiquid investment**. In particular, I recognize that: (i) I must bear the economic risk of investment in the Tokens for a minimum of **one (1) year** as enforced by the Company's TMLS Token smart contract which shall prevent the disposal of the Investor Tokens for one (1) year pursuant to Regulation S, and, only after one (1) year, if requested by the Company, an opinion of counsel or other evidence reasonably satisfactory to the Company to permit the disposal of the Investor Tokens may be provided; and (ii) no established market will exist and it is possible that no public market for the Tokens, or any part thereof or any security underlying any part thereof, will develop. I consent to the programming of the smart contracts representing the Tokens by the Company with such restrictions as to the transferability of the Tokens (or any part thereof) as any applicable federal or state securities law or any securities law of any other applicable jurisdiction may require from time to time. _____ **Initial**
- The Investor has such knowledge and experience in financial and business matters that the Investor is capable of evaluating the merits and risks of the Investor's investment in the Tokens and is able to bear such risks, and has obtained, in the Investor's judgment, sufficient information from the Company to evaluate the merits and risks of such investment. The Investor has evaluated the risks of investing in the Tokens, understands there are substantial risks of loss incidental to the purchase of a Token and has determined that the purchase of Tokens is a suitable investment for the Investor. _____ **Initial**
- I represent and warrant to the Company that: (i) the financial information provided in this Subscription Booklet relating to me is complete, true and correct in all material respects; (ii) I and my investment managers, if any, have carefully reviewed and understand the risks of, and other considerations relating to, a purchase of Tokens; (iii) I and my investment managers, if any, have been afforded the opportunity to obtain any information necessary to verify the accuracy of any representations or information presented by

the Company and have had all inquiries to the Company answered, and have been furnished all requested materials, relating to the Company and the offering and sale of the Tokens and anything set forth in the Transaction Documents; (iv) neither I nor my investment managers, if any, have been furnished any offering literature by the Company or any of its affiliates, associates or agents other than the Transaction Documents, and the agreements referenced therein; and (v) I am acquiring the Tokens for which I am subscribing for my own account, as principal, for investment and not with a view to the resale or distribution of all or any part of the Tokens in violation of federal, state or other applicable securities laws. _____ **Initial**

- I represent that my investment objective is speculative in that I seek the maximum total return through an investment in a broad spectrum of securities, which involves a higher degree of risk than other investment styles and therefore my risk exposure is also speculative. _____ **Initial**
- The Tokens offered hereby are highly speculative and involve a high degree of risk and I should only purchase these securities if I can afford to lose their entire investment. _____ **Initial**
- On February 6, 2018, Timeless made a request to FINMA to provide a ruling (in the form of a “no action letter”) that this Offering is compliant with Swiss regulatory law and that Timeless and its intended business activity is not subject to any licensing requirements under Swiss law. The Company’s internal assessment concluded that both the Offering and the Company’s business model are compliant with Swiss financial market laws and are not subject to any licensing requirements or authorization under any Swiss financial market laws. As of the date of the Offering Memorandum, I understand that FINMA has not responded to Timeless’ request and has not yet issued a no action letter and there can be no guarantee that FINMA will issue such a letter. Depending on FINMA’s response, I understand that there is a risk that FINMA may classify the Token differently and/or that Timeless would require a license according to the Banking Act, the Collective Investment Schemes Act and/or the Stock Exchange Act in Switzerland. While I understand that the Company we will take every step necessary to comply with FINMA’s ruling and suggestions, there can be no guarantee that they will be able to do so. If FINMA determines the Company is not in compliance with Swiss law, I understand that FINMA could shut down the Company, which could ultimately lead to an involuntary liquidation of the Company and in the worst case a full loss of all of my invested capital. _____ **Initial**
- I understand that if the Company does not receive the maximum amount of \$100 million in this offering of TMLS Tokens, they will most likely be unable to fully carry out their plans to develop up to 41 hideaway properties and a resort property. In addition, I understand that once funded, they will need time to locate and secure additional bank financing for development and construction of the planned properties and management will need to fully develop their sales and marketing pipeline, none of which can be guaranteed. If the company fails to raise the maximum amount of \$100 million, I further understand that management will use the first \$33 million for DSO costs and the development of 15 hideaway properties, next \$20 million towards the planned resort and any additional funds raised will be used for additional hideaways. As such, the TMLS Tokens offered hereby are highly speculative and involve a high degree of risk and I should only purchase these securities if I can afford to lose my entire investment. _____ **Initial**
- I understand that the proceeds from the sale of the Tokens shall be used by the Company in the manner set forth under “Use of Proceeds” in the Offering Memorandum. _____ **Initial**
- I understand that the purchase price per Token is exclusive of any costs incurred by me for legal, tax, accounting or financial advice, including fees paid to my purchaser representative, if any. _____ **Initial**
- The undersigned, if a corporation, partnership, trust or other form of business entity, (i) is authorized and otherwise duly qualified to purchase and hold the Tokens, (ii) has obtained such additional tax and other advice that it has deemed necessary, (iii) has its principal place of business at its residence address set forth

in this Subscription Booklet, and (iv) has not been formed for the specific purpose of acquiring the Tokens (although this may not necessarily disqualify the subscriber as a purchaser). The persons executing the Subscription Booklet, as well as all other Transaction Documents related to the Offering, represent that they are duly authorized to execute all such Transaction Documents on behalf of the entity. (If the undersigned is one of the aforementioned entities, it agrees to supply any additional written information that may be required.) _____ **Initial**

- All of the information which I have furnished to the Company and which is set forth in the Subscription Booklet is correct and complete in all material respects as of the date of the Subscription Booklet. If any material change in this information should occur prior to my subscription being accepted, I will promptly furnish the revised or corrected information. I further agree to be bound by all of the terms and conditions of the Offering and the Transaction Documents. I agree to indemnify and hold harmless the Company and its officers, directors, employees and affiliates from and against all damages, losses, costs and expenses (including reasonable attorneys' fees and expenses) that they may incur by reason of the failure of the undersigned to fulfill any of the terms or conditions of this Subscription Booklet or by reason of any breach of the representations and warranties made by the undersigned herein or in any agreement provide by the undersigned to the Company. This subscription is not transferable or assignable by me without the written consent of the Company (provided, however, that for the avoidance of doubt, any securities acquired in the Offering are transferrable without the consent of the Company, subject to any restrictions on transfer specified in the other Transaction Documents). If more than one person has signed this Subscription Booklet, the obligations of each such signatory to this Subscription Booklet shall be joint and several and the representations and warranties contained in this Subscription Booklet shall be deemed to be made by, and be binding upon, each of these persons and his or her heirs, executors, administrators, successors and assigns (but, for the avoidance of doubt, such obligations of the persons signing this Subscription Booklet are several, and not joint, with any other investor in the Offering). This subscription, upon acceptance by the Company, shall be binding upon my heirs, executors, administrators, successors and assigns. This Subscription Booklet shall be construed in accordance with and governed in all respects by the internal laws of Switzerland. _____ **Initial**
- I certify that (1) my taxpayer identification number shown in this Subscription Booklet is correct and (2) I am not subject to backup withholding because (a) I have not been notified that I am subject to backup withholding as a result of a failure to report all interest and dividends or (b) the Internal Revenue Service has notified me that I am no longer subject to backup withholding. (If you have been notified that you are subject to backup withholding and the Internal Revenue Service has not advised you that backup withholding has been terminated, strike out item (2) in the sentence directly above.) _____ **Initial**
- The acceptance of my subscription together with the appropriate remittance will not breach any applicable money laundering rules and regulations and I undertake to provide verification of my identity reasonably satisfactory (on a confidential basis) to the Company promptly on request. I acknowledge that due to money laundering requirements operating within their respective jurisdictions, the Company may require further identification of me/us before applications can be processed. The Company shall be held harmless and indemnified by me against any loss arising from the failure to process this application if such information as has been reasonably required from me has not been provided by me. _____ **Initial**
- I understand that the Subscription Booklet relating to the Offering will be irrevocable, and unless the subscription is rejected or withdrawn, I will become an investor in this Offering. I understand that the Company or the Placement Agent may reject, in whole or in part, any subscription and at any time, in their absolute discretion for any reason whatsoever, including but not limited to, failure to conform to the requirements of the Offering, insufficient documentation, or oversubscription of the Offering. _____ **Initial**
- I understand that the Tokens are suitable for investment only by prospective investors who are based outside of U.S. in reliance on Regulation S of the Securities Act of 1933, as amended, and that I meet the

qualifications and requirements under the laws, regulations and rules of my local jurisdiction to purchase the Tokens offered by the Company outside the United States. Accredited Investors may also invest in the securities. _____ **Initial**

- I understand that the Company has engaged Tripoint Global Equities, LLC, as lead placement agent for the Company in connection with the financing set forth in this Subscription Booklet. The Company has agreed to pay to the Placement Agent or its designees, with regard to sales of Tokens to investors introduced by the Placement Agent or its designees (“Tripoint Purchasers”), a placement agent fee in cash equal to: seven percent (7%) of the amount of gross fiat currency proceeds received by the Company. I understand that the Company entered into a software license agreement with Horizon Globex to create the Timeless Luxury tokens. The owners of TriPoint Global Equities are Mark Elenowitz and Michael Boswell, both officers and shareholders of Horizon Globex. I also understand that Horizon Globex has no ownership interest in TriPoint Global Equities, LLC. I further understand that the Company’s business relationship with the TriPoint Global Equities, LLC and Horizon Globex may be considered as a conflict of interest. _____ **Initial**
- I understand that the Tokens will be held by the Company’s Transfer Agent, VStock Transfer, LLC and not delivered to individual digital wallets. _____ **Initial**
- I understand that as a Token holder, I will be entitled to a percentage of certain Company earnings. I further understand that the greater number of Tokens the Company sells pursuant to this Offering, my related earning potential will be diluted and therefore so will my overall investment in the Company. _____ **Initial**
